Woven Labels

we utilize cutting-edge weaving technology to craft everything from simple designs to high-definition woven labels, featuring the latest textures and trends in the market. Specializing in woven edge (needle loom) technology, our products are recognized for their superior quality, precision, and innovation.

Our design team collaborates closely with clients to deliver creative, trend-forward solutions that meet the demands of modern fashion. With an emphasis on high quality, competitive pricing, and unmatched craftsmanship, we are proud to be one of the market leaders in woven label production.

**“ Where Innovation
Meets Craftsmanship.”**

“ Defining Apparel Identity with Every Label.”

Screen Printed Labels

our screen printed labels are crafted with precision and versatility, offering high-quality printing on a wide range of materials. From polyester and cotton tapes to herringbone textures, we cater to a variety of weaving styles and fiber types.

Our expertise includes printing on synthetic fibers such as polyester satins, taffetas, acetates, tear-away materials, nylons, and poly-cotton blends, as well as natural fibers like cotton, organic cotton, and twill. Additionally, we excel in producing screen-printed designs on elastic materials, ensuring flexibility and durability for diverse applications.

With a focus on clarity, vibrancy, and durability, our screen printed labels are the ideal solution for brands seeking customizable and high-performance labeling options.

"Innovating labels for Every Fiber and Texture."

Heat Transfer Labels

We specialize in crafting heat transfer labels that combine precision, versatility, and premium quality. Using both basic and advanced color-matching techniques, we can produce vibrant transfers in a wide range of shades.

Our heat transfer labels are fully customizable, allowing for multi-color printing and designs in any size to meet your specific branding needs. With a focus on skin-friendly, halo-free quality, these labels are perfect for enhancing your company's branding while ensuring comfort and durability.

**"Seamless Branding
with Heat Transfer Precision."**

Offset Printed Tags

We specialize in creating offset printed tags that embody quality, precision, and style. Our product range includes price tickets, hangtags, secondary tags, promotional tags, and graphic tags, all crafted with care from a wide array of premium paper qualities and specialty materials.

We are committed to delivering consistent, high-quality finishes that enhance your brand's presentation. Our capabilities include a variety of custom finishing options such as die-cutting, embossing, foil stamping, varnishing, stringing, eye-letting, and folding, ensuring each tag is tailored to your unique business needs.

Your tags do more than inform—they elevate your brand, leaving a lasting impression.

" -Enhancing Brand Identity Onr Tag at a Time."

Paper Packaging

We go beyond standard price tickets and hangtags to offer a comprehensive range of paper packaging solutions tailored to your branding and product needs. Our expertise includes crafting belly bands, sock riders, waterfall packs, wrap bands, J-boards, U-boards, hanger cards, paper boxes, and larger format packaging items.

Every packaging solution is designed with precision and attention to detail, ensuring functionality, durability, and a premium look. Whether you need sleek designs for retail display or custom packaging for specialized products, Ahona delivers innovative and high-quality solutions that enhance your brand's presentation.

Adhesive Labels & Tags

we offers a versatile range of adhesive labels and tags designed to meet the diverse needs of modern branding and packaging. Beyond traditional price tickets and hangtags, our solutions include custom adhesive labels that adhere seamlessly to various surfaces, ensuring durability and clarity.

Our adhesive options can be tailored for belly bands, sock riders, waterfall packs, wrap bands, J-boards, U-boards, hanger cards, paper boxes, and larger format packaging items. Each label is crafted with precision, ensuring a perfect balance of functionality and visual appeal.

**" Adhesive Solutions
That Stick with Style."**

Digital Printed Tags

we leverage advanced digital printing technology to create tags that are both versatile and precise. Our expertise allows us to print on various paper surfaces and thicknesses, catering to a wide range of design and branding needs.

Digital printing is ideal for small-size orders, low-SKU products, or tags requiring unique graphics or variable designs. This flexible solution ensures high-quality results with quick turnaround times, making it perfect for specialized and customized requirements.

**“ Tailored Tag Solutions,
Powered by Digital Precision.”**

Thermal Barcode Labels

We specialize in thermal printed labels and tags, designed for barcode-oriented products such as price stickers, price tickets, carton stickers, poly stickers, and box stickers. Our labels are highly durable and tailored to meet the unique requirements of your business.

We offer printing on various materials, including adhesive, paper, and ribbons, ensuring our solutions suit your specific needs. Additionally, we support data management through EDI technology, enabling seamless integration for efficient tracking and labeling.

**“ Precision and
Efficiency in Every Barcode.”**

RFID / EAS / Alarm Labels & Tags

We understand the growing importance of RFID (Radio Frequency Identification) labels and tags in supply chain management for major retailers worldwide. We are fully equipped to produce high-quality RFID labels and tags, ensuring efficient tracking, inventory management, and seamless integration for your business.

In addition, we offer EAS (Electronic Article Surveillance) labels, designed to provide security and protect your products in retail environments. Our solutions also include brand protection technologies to help safeguard your brand from counterfeit practices, ensuring both security and authenticity for your products.

***"Securing Your Products,
Protectng Your Brand."***

Rubber & Silicone Patches

We offer premium rubber patches and silicone patches designed to enhance your brand's visibility. These patches are perfect for clothing, bags, canvas covers, and sports jerseys, adding a durable and stylish touch to your products.

We specialize in producing high-quality silicone patches available in a wide range of colors, styles, and custom designs, ensuring that your brand stands out with every piece. Whether you're looking to create a bold statement or a subtle logo, **Ahona** delivers the perfect patch to elevate your branding.

**" Patches That
Speak Your Brand's Kanguage."**

PU & Leather Patches

We offers premium PU and leather patches that add a distinct, unique touch to your garments. These patches not only elevate the look of your products but also enhance your brand's value, positioning it uniquely in the market.

We provide both genuine leather and synthetic leather patches, offering versatile options for customization. Whether you need single or multi-color printing, hot pressing, embroidery, or die-cutting into any size or shape, we deliver the perfect solution to showcase your brand's identity.

**"Crafting Distinction
with Every Patch."**

Seal Cord / Plastic Clips / Loops

we offer customized hang tag strings in a variety of shapes, including square, round, rectangular, oval, shield, and cylinder. Using advanced technology, we provide seal cords that can be tailored to your specific needs, ensuring a unique and professional finish for your products.

We supply a wide range of high-quality strings made from nylon, polyester, cotton, elastic, and waxed materials. Additionally, we offer gold foil, silver foil, metal-engraved, and plated logo options for a premium touch. Alongside our seal cords, we also provide zipper pullers and plastic clips, perfect for adding functionality and style to your apparel and accessories.

**" Precision and
Style in Wvery Detail."**

Twill Tape

We are a leading provider of high-quality twill tapes, offering an exceptional range tailored to meet the specific needs of our clients. Our twill tapes are crafted using premium materials such as cotton, linen, polyester, and wool, ensuring durability and versatility across a variety of applications.

We also specialize in yarn-dyed twill tapes, available in multiple designs and sizes to suit the unique requirements of our customers. Widely used in the home textile and ready-made garment industries, our twill tapes are known for their superior strength, aesthetic appeal, and reliable performance.

***" Quality and Precision
in Every Twill Tape."***

Jacquard Elastic

We are a leading manufacturer of Jacquard elastics, specializing in the apparel label and accessories industry. Our Jacquard elastics are crafted with exceptional quality, making them ideal for high-end applications that require durability and aesthetic appeal. Trims goods king

Available in a variety of widths, our Jacquard elastics can also be customized to meet specific design and size requirements, ensuring a perfect fit for your product needs. Whether used for fashion garments or functional accessories, our elastics provide the ideal blend of performance and style.

"Elevating Comfort and Style with Jacquard Elastic."

Poly Bags

we specialize in manufacturing a wide variety of poly bags, including LLDPE, LDPE, HDPE, blister poly, and hanger poly bags, with options for multi-color printing and adhesive tape for secure closure.

We also offer zip-lock poly bags to meet the specific needs of our customers, ensuring convenience and functionality in packaging. Additionally, we are committed to sustainability, producing compostable and biodegradable plastic bags designed to degrade naturally through the action of living organisms. Our enzyme compound composition is made with food-grade, non-toxic ingredients, ensuring eco-friendly and safe solutions for your packaging needs.

**" Sustainable Packaging
Solutions for a Greener Tomorrow"**

PVC / TPU / EVA Bags

we specialize in manufacturing high-quality PVC, TPU, and EVA bags that can be customized with multi-color printing and adhesive tape for secure closure. These bags offer durability and versatility for a wide range of applications.

Additionally, we provide zip-lock poly bags to meet the specific needs of our clients, ensuring convenience and functionality in packaging. Our bags are designed to deliver reliable performance, making them an ideal choice for
